LITTLEFIELD - WYMAN NURSERIES

DUTCH PEAT

We tested Dutch Peat in our nurseries several years before we recommended it to our customers.

Our Peat Moss comes in 200 pound bales, while many other brands weigh from 170 to 190 pounds. Our Peat is also fine ground, making it most ideal for garden purposes. To the uninitiated we want to tell you that it is a moisture gatherer as well as a humus agent, keeping your plants cool and moist as well as giving them a rich green color.

Per bag	\$1.00
Per bale	4.00

CANADIAN HARDWOOD ASHES

Ashes used in conjunction with ground bone makes an excellent lawn fertilizer. When using this combination you are assured there will be no weed seeds.

\$3.75 per 100 lb. bag
